

PILOT 10 LED Beacon

15211

Omnidirectional flash lamp
Magnetic mounting without battery

Key benefits

- > Optimal adhesion even on curved vehicle roofs
- > Water and shock resistant, IP5K4K9K
- > Spiral cable with plug for cigarette lighter DIN/ISO 4165 and metal connector (with built-in indicator)
- > 10 High Performance LEDs (10 x 3W)

characterize

- > Black powder coating on base base (PVC)
- > Heavy duty Blue Lens (Polycarbonate)
- > 3 Neodymium magnets with rubber protection
- > 3 suction cups
- > Full use of the blue lens
- > Clamping system cable built-in
- > Safety cable and safety hook
- > ON/OFF switch

- > Compliant: ECE R10 Class 1
ECE R65 Class 1 / Class 2
TÜV up to 210km/h

Specifications

- > Operation Voltage: 12VDC (1.7A)
- > Weight: 0.800 kg
- > Height: 95mm/ 3,7inch
- > Diameter: 140mm/ 5,5 inch

- > Autonome action

- > Working temperature -30°C to +50°C

- > 150 min autonomy
