

SFC200

P0050F0073

### Key benefits

- > Flash control or dimmer function
- > Offers the possibility to control calendar lights, among other things
- > For halogen or LED light units (PWM 1kHz)

### Designers

- > Flash patterns and Flash frequencies
- > Protection against:
  - Reverse polarity
  - Overload
  - Over current
  - Thermal failure
- > Compliance: 2004/104/CE  
e6 03 0329  
ECE R10

### Specifications

- > Operational Voltage: from +9 to +28VDC
- > 2 Static and fully protected outputs(15A)
- > 2 Configurable and opto-coupled inputs
- > Terminal type:
 

Side supply voltage	
8 x	0.8x6.35mm
- > Gewicht: 90gr.  
3.2oz
- > Dimensions: 94 X 73 x 26 mm (W x D x H)  
3.7x2.9 x 1.1 inches (W x D x H)
- > Operating temperature: from -25°C to +60°C
